

SWIMRVA | CORONAVIRUS (COVID-19)

The COVID-19 worldwide pandemic continues to change by the hour. The directive from the Center for Disease Control (CDC), the World Health Organization (WHO), and the Virginia Department of Health is to maintain social distancing and reduce density with no more than ten at any gathering. Because of this, and to do our part to stop this virus in its tracks, we will be extending the closure of our facility through Sunday, April 5th, 2020.

We will review re-opening again every day. So many of you have told us how much you want to come swim! We love it, we want to see you too.

SwimRVA has put all memberships on hold. We will not be billing anyone's account on April 1. When it is safe to reboot swimming and SwimRVA programming we will reach out well in advance. Rest assured, we will not charge your account without your permission. You are our most important asset.

We will know more about the situation in the days ahead. What is important right now is that we focus on our families, personal well-being and practice social distancing. Please reach out to me with any questions or concerns.

SwimRVA has been collecting our extra personal protective equipment, which includes 20 boxes of surgical nitrile gloves. We will be taking these to the local hospitals over the weekend. All healthcare workers are in our thoughts and we applaud everything they are doing to keep us and our community safe.

Be well and stay safe.

Adam Kennedy
Executive Director
SwimRVA
