Statement Regarding Fire Incident at SwimRVA-North

(July 7, 2026) – SwimRVA-North is temporarily closed due to a fire at the main pool house early this morning, July 7, 2026. At this time, it appears the fire could have been caused by a downed power line during the thunderstorm. Thankfully, no one was injured. SwimRVA is extremely grateful to the Henrico Fire Department for its quick response and effort to extinguish the fire. We are currently assessing the extent of damage and will reopen the pool as soon as possible. We appreciate the patience of the community as we respond to this incident.
